Purpose of Contact: PROVIDE INFORMATION REGARDING FIRE AT ORIGINAL
LANDFILL ON 8/26/05

Discussion

The State requested additional information to confirm that no radiological release occurred related to the fire at the Original Landfill that occurred on 8/26/05. To that end, Kaiser-Hill stated that the fire took place in an area where clean backfill had been placed in the area, the erosion mat was new and therefore clean, and results of counting six filters from an air monitor the vicinity of the area all indicated less than minimal detectable activity. The State agreed that this was sufficient information to indicate that a release had not occurred.
